Gov. Beckham has sent a caustic letter to Gov. Durbin, of Indiana, resenting the insult which Gov. Durbin casts upon Kentucky and its officials and courts. He accuses Gov. Durbin of violating his oath of office and of protecting Taylor and Finley in fulfillment of an anti-election pledge. Gov. Durbin is accused of having unjustly and deliberately misquoted the record in the trial of Caleb Powers in order to bring discredit upon an honest and upright Judge. Gov. Beckham cites the opinion of the Chief Justice of the Supreme Court of the United States in the Davidson case to show that Gov. Durbin has no discretionary power whatever and must honor requisitions, as they are presented in good faith, as much so as a peace officer must serve a warrant or a civil process.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

THERE is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. Wells, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

We want to send to every sufferer a trial treatment of ASTHMALENE, similar to the one that cured Mr. Wells. We'll send it by mail POSTPAID, ABSOLUTELY FREE OF CHARGE, to any sufferer who will write for it, even on a postal. Never mind, though you are despairing, however bad your case. PETROLEUM FOUND IN ROCK-  
CAST COUNTY.

The Rockcastle Oil and Gas Co., composed of the following named members: D. N. Williams, C. C. Williams, M. C. Williams and R. G. Williams, have leased six thousand and six hundred acres of land in different localities in the counties of Rockcastle and Pulaski, and in territory which is considered in good locations for the development of petroleum and gas. The company will capitalize their stock at fifty thousand dollars. In 1865, a well was started on the west fork of Skaggs creek and was drilled about eight hundred feet and from some cause, the person who was drilling the well had to quit operations, but had struck some oil, and today there is oil rising in the well and runs out upon the surface, and now, people who are strangers, come to that well, and get samples of the oil, and as far back as 1830 old man Kincaid drilled a well 300 feet deep on Brushy creek for salt water and struck oil at that depth, and a great quantity of oil rose to the surface and covered the ground for some distance around the well. They did not know, then "what the stuff" was as they called it, and there is, today, many surface indications of oil in different localities in Rockcastle county. A well is now being put down in Rockcastle by the Mt. Sterling Oil & Gas Co., on the headwaters of Copper creek, and we learn the company is in fine spirits and believe they will strike oil; have only drilled up to this time about 200 feet, having struck considerable salt water, and the prospects are good for a number of other wells to be put down in the county soon. Why not Rockcastle in as good territory for oil as Wayne county? It is in the oil belt extending from the oil fields of Pennsylvania to the Beaumont, Texas, oil fields.

"Boss" SAPP saw "the handwriting on the wall," and has, after it is almost too late, stepped down and out and turns his "bossism," over to others, who will no doubt profit greatly by his sad experience.

The Hon. J. A. Craft, formerly a citizen of London, but now of Louisville gets Collector Sapp's place after much persistence. He soon reaps his reward.

"OLD HICKORY" CHIPS.

The Ohioans were so much interested in the election that about 250,000 of them didn't vote.

Mr. Bryan's future is likely to be better than that of most of the ducks who are affecting to be SO worried about it.

There is no kick coming to the democrats on election results; they will fill two seats in the U. S. Senate now filled by republicans.

The success of the big steel trust has brought about the formation of a new one with \$50,000,000 capital, to embrace the steel plate mills.

The republican bosses will be calling him "Doubting Teddie" if he doesn't look out. Mt. Roosevelt is credited with having expressed doubts of the advisability of the Ship subsidy job.

Gen. Chaffee has made a new military deal in the Philippines, by which he says he hopes to end the war. That is the first official admission that the war was still going on that has been made in many months.

Henry Cabot Lodge can formulate a Congressional program as easily as he can put an audience to sleep, but Congress has not in the past been following his leadership.

to any marked extent. But his "Me and Teddy" attitude is amusing all the same.

It seems like case of "making flesh of one and fish of another" for the administration to remove the collector of customs at El Paso, Texas, for violating the civil service law, when the law is constantly violated right under the noses of the Civil Service Commission and Mr. Roosevelt, by department officials in Washington.

### LEVEL GREEN

Well, the election is over and the Democratic party is firmly seated in the political saddle in Kentucky for the next ten years to come at least. We want to congratulate our old nabor, Ike Herrin, and hollow one time for George Farris, the hero of heroes. Was it not a fact that we need his valuable services in the Kentucky Legislature, we would nominate him for congress at once.

A shocking affair took place near the Methodist church about one and a half mile from this place last Saturday night. George Head, a nice, quiet young man of our neighborhood, had been hunting and as there was preaching at the church on that night he called in leaving his shot gun in a pile of brush near the house; after preaching he went home with a young lady and returning stopped to get his gun, which, as circumstances clearly show, he attempted to draw from the brush muzzle foremost and catching one of the hammers against a limb the gun was discharged shooting him in the breast which resulted in instant death. The parents of young Head are nearly crazed with grief. They had but two boys and they almost idolized them.

The sick of our community are improving and I feel better since the election myself, but I have so many "downs and ups" in the way of health that I have about lost all hopes.

Prof. Teague, of Mars Hill College, North Carolina, will teach at our place, and in my room and intends beginning on the first Monday in January, if suitable arrangements can be made. He is a fine scholar and a splendid teacher.

O. A. French will leave us soon for I. T., where he will make his future home. I always thought the world when taken over and over, and viewed up one side and down tother, is about on an equality; so I guess I'll end my days in three-quarters of a mile of where I first saw the light. I tell you this place feels nigh to me if the land is rough and poor and covered with saw-briers and sassafras sprouts, and well stocked with republicans.

Corn is now worth 60c., wheat 75c., Irish taters 60c. and very scarce.

Fewer hogs by one-third are being fattened than I ever witnessed before in this part of Rockcastle.

So long as we, the farmers, have to buy and bring from abroad even a part of our bread, meat and Irish taters, our county will advance backward, but let us become self-sustaining, which we can by using a proper amount of industry and a little more economy, and Rockcastle will soon be one of the foremost mountain counties in this State; then, give us good roads and we can live happy at home and go abroad with pleasure.

We had our family all at home with us on election day, and Betsy, good old soul, laid aside partisan polity and voted with us. I think Betsy would be a democrat in word and deed, and at all times, were it not for changing political names. It does seem a little strange that it does not, as a general thing, take much persuasion to get women to change off the old family name for some other, even tho' it is not so pretty, but when you tackle their polity or religion you have a job that will require time, patience and perseverance.

"It will soon cure the cough too," writes Mrs. S. Himmelberger, "for three generations of our family have used Dr. King's New Discovery for Consumption and never found its equal for Coughs and Cold's." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50c and \$1.00 at all Druggists. Trial bottles free.

GLENWOOD, Ia., Oct. 12, 1900.

I have been very sick for three weeks. I was taken with a severe pain in my side and could not get any relief until I tried a bottle of Wine of Cardui. Before I first took it none of it was relieved. I feel it my duty to say that you have a wonderful medicine.

Mrs. M. A. Young.

### LOCAL

The C. L. S. C. will meet at  
the residence of Dr. A. E. Ewers,  
Tuesday evening November 19.

The Richmond Climax says that  
fine 11 pound girl was born to the  
wife of G. T. Johnson—Mary Ha-  
zel. The mother and child both  
doing well.

Be sure and read the ad of F. B.  
Riley, the old reliable hotel keeper  
of London, who always gives you  
plenty to eat and make you feel  
right at home.

MARRIED.—G. C. Hiatt and  
Miss Eliza Barnes were married in  
Circuit Clerk Griffin's office Satur-  
day morning. The Rev. Dr. G.  
C. Smith officiating.

FINED.—John Fredericks was  
fined in the Federal court at Rich-  
mond Wednesday \$100 and sixty  
days imprisonment in jail, for sell-  
ing liquor unlawfully.

TRUSTEES.—The town board of  
trustees met last Monday, and ap-  
pointed Thos. Proctor assessor, and  
James Maret, Town Clerk. Mr.  
Proctor took the town list this  
week.

Dick Thomas, colored, is very  
low, and the Dr. says will not re-  
cover. Dick thought more of his  
vote than of his physical condition  
and stoned out too early.

SOLD OUT.—George Johnson,  
who left Orlando about six months  
ago and went to Waco, Madison  
county and bought a big flour mill  
has sold his interest there, and we  
hope will return to old Rockcastle.

ELECTED JUDGE.—We are glad  
to learn that our old friend and  
formerly a Rockcastle boy, W. R.  
Cress, has been elected County  
Judge of Wayne county. We  
know of no one whom we delight  
to hear of meeting with success  
more than "Bill."

Wm. Hicks, president of the  
Swan Lake oil company, located  
near Barbourville, Knox county,  
this state sends Mr. Maret, one of  
our subscribers, a prospectus showing  
that they are incorporated under  
the laws of West Virginia, capital  
\$800,000. They have one well in  
Knox county which "come in" on  
Sept. 7th. Other wells are being  
put down.

As to oil, this paper has since its  
birth gone back in 1887, claimed  
that Rockcastle is an oil "field"  
and only needs development. All  
that has been said lately by other  
papers on this subject is merely a  
repetition of what the SIGNAL has  
printed time and again. We are  
glad though to have the subject  
revived and pushed. Many people  
have forgotten that years ago in the  
meadow of Mrs. Proctor three  
hundred yards West of railroad  
crossing in this place, oil and gas  
was struck when drilling for water.  
Willis Griffin was one of the drillers  
and is living here to-day. If he  
lives but a few years more he will  
see Rockcastle one of the oil pro-  
ducing counties of the State.

Born to the wife of James Cum-  
mins yesterday a fine girl.

To-day the bird law goes out.  
Drs. E. J. Brown and M. Penning-  
ton are two of the many hunters in  
the fields.

THE RUFFIANS.—The following  
is a list of those summoned to ar-  
rest Fred Hayes, who were called a  
band of ruffians: Charley Martin,  
Oscar Bostic, Jacob Pike, John  
Hysinger, Ben Adams, J. Boreing  
Sr., W. R. McClure, Jeff Penning-  
ton, William Bradly, William Hy-  
singer and Jack Hansel.

Jailer G. S. Griffin requested us  
to say that Charley Martin, whom  
we referred to as deputy jailer in  
our account of the trouble on elec-  
tion day, was not a deputy, and  
would only act in that capacity  
sometimes during Mr. Griffin's ab-  
sence. On this special occasion,  
Martin was deputized same as the  
other men to help make the arrest.

The case against John and Wil-  
liam Hysinger charged with shoot-  
ing Millard Bethurum on election  
day, was called yesterday and con-  
tinued on the motion of the Com-  
monwealth, until the 5th of De-  
cember. When the case was called  
last Monday, Judge Williams an-  
nounced to the attorneys on both  
sides that he would decline to try  
the case, and by agreement Squire  
J. N. Brown is acting in his place.

The Lancaster Town council has  
refused to grant a franchise, allow-  
ing the Cumberland Telephone Co.,  
to enter that town, nor will they  
allow them to set a single pole  
within the corporation. The local  
company has given such good satis-  
faction, and treated its subscribers  
so fairly, there as well as elsewhere,  
with the assurance of a continua-  
tion of the same, that the citizens  
feel a great interest in its success.  
The Independent Companies are  
fast growing in favor throughout  
the state.

SHOT.—George Head, the 19  
year old son of Jas. Head, of Level  
Green, accidentally shot and killed  
himself Saturday night. The de-  
ceased had been out hunting, and  
not having time to take his gun  
home, and then go to church, he  
left it in a brush pile, and intended  
to get it on his return home. The  
gun was placed in brush so it was  
necessary to take it by the muzzle  
in order to pull it out, and in  
pulling it out the hammer caught  
on a limb and the gun was dis-  
charged, the entire load entering  
the body of young Head, near the  
heart, killing him almost instantly.

This office has just turned out a  
32 page pamphlet of the Owens-  
boro meeting for James Maret, former  
editor of this paper, now  
Secretary of the Independent Tele-  
phone people of the State which  
formed an association some three  
years since for the advancement  
and cheapening of rates in the  
telephone business and to protect  
its members against the assaults of  
the old line companies that had  
proved veritable leeches, or to put  
it in plainer terms, blood-suckers.  
The Independents entered the  
field on the expiration of the Bell  
patents and have been giving  
service at rates so far below the  
prices of the monopoly that they,  
with their boasted millions, have  
been brought to terms in nearly  
every State by the activity of the  
independents. Today, after twenty-  
five years existence the Bell com-  
pany, and its offshoots, have with-  
in the United States two million  
phones, the independent people  
who have only been in the field  
seven years have three million  
phones. The independent people  
don't require you to mortgage your  
farm to pay phone rents but place  
it at a figure which means "live  
and let live." Within next eight  
months Kentucky will have a  
splendid independent system reach-  
ing not only all neighboring coun-  
ties but into other States over fine  
copper metalic lines. We already  
have a good system but it will be  
better soon. We will be able to do  
business with Louisville by Fe-  
bruary 1st, 1902. Louisville Home  
Company will have by that date a  
plant finished and ready for busi-  
ness at a cost of \$750,000, which  
will be of the most modern equip-  
ment.
